✕ LS0H outer sheath

✕ 25 Year system warranty

Product Overview

Excel Fibre Optic Zipcord Cable is designed around two 2.8mm fibre cables. This robust construction is ideal for short run indoor patching or for use where frequent handling is likely, for example equipment rooms or wiring closets.

Each cable is jacketed in low smoke, zero halogen material and are available in a choice of colours. Fibres are buffered to 900 micron and can be used with standard connectors and adaptors.
